The New ATACAMA "XXL"

The outer walls tapering toward the waistline enhance the sleek design.

Fitted furniture behind the cabin seats provides storage room to keep the interior neat and tidy.

The ATACAMA "XXL" knows how to impress with exclusive highlights.

A MEGA YACHT TO BE DRIVEN ON LAND

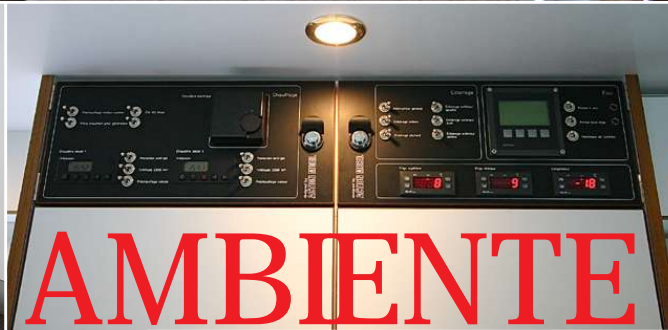

HIGH TECH

ACTION MOBIL vehicles are equipped with high-capacity, effective and robust systems for autonomous power supply. The elements we have chosen are known around the world for their outstanding reliability. Their well arranged, professional installation meets the high standards shared only by MEGA yachts.

The water cooled and soundproof encapsulated generator is integrated into the heating system.

The ATACAMA's elegant atmosphere, its exciting interior design and, last but not least, its unique layout concept set standards when it comes to feeling comfortable.

The sanitary area, separated by transparent glass doors,

NOBLESSE

fits in harmoniously with the overall space concept.
